

APA DSM-5 Work Group Member Disclosure Report

Name : Terrie Moffitt, PhD

Job Title : Professor, Psychology and Neuroscience, Psychiatry & Behavioral Sciences

Role : **Member**

Date : **12/10/2012**

WorkGroup:

ADHD and Disruptive Behaviors

Biographical Sketch

Biographical Sketch:

Terrie E. Moffitt is Professor at Duke University in the departments of Psychology and Neurosciences, Psychiatry and Behavioral Science, and the Institute for Genome Sciences and Policy. She is also Professor of Social Behavior and Development at the Institute of Psychiatry, King's College London. She studies how genes and environment work together to shape abnormal human behavior. Her particular interest is in antisocial and criminal behavior, but she also studies depression, psychosis, and addiction. She is associate director of the Dunedin Longitudinal Study, which follows 1000 people born in 1972 in New Zealand. She has studied the cohort from birth to age 38 so far. She also directs the Environmental-Risk Longitudinal Study, which follows 1100 British families with twins born in 1994. She has studied the twins from birth to age 18 so far. For her research, she has received the American Psychological Association's Early Career Contribution Award (1993) and Distinguished Career Award in Clinical Child Psychology (2006), the Royal Society-Wolfson Merit Award (2002-2007), the Stockholm Prize in Criminology (2007), the Klaus-Grawe Prize in clinical psychology (2009), the NARSAD Ruane Prize (2010) and the Klaus J. Jacobs Prize (2010). She is a fellow of the Academy of Medical Sciences (1999), the American Society of Criminology (2003), the British Academy (2004), the American Psychopathological Association (2005), Academia Europaea (2005), the American Academy of Political and Social Science (2008), the Association for Psychological Science (2009), and King's College London (2010). She has served on investigative panels for institutions such as the Nuffield Council on Bioethics (ethics of behavioural genetic research) and the US National Academy of Sciences

(research into firearms and violence). Moffitt is a trustee of the Nuffield Foundation.

She is a licensed clinical psychologist, who received her clinical hospital training at the UCLA Neuropsychiatric Institute (1982-1984). She earned her Ph.D. in Psychology at the University of Southern California (1984) and her B.S. degree in Psychology from the University of North Carolina at Chapel Hill (1976).
