Eating

Biographical Sketch

Dr Bryant-Waugh is Joint Head of the Feeding and Eating Disorders Service at Great Ormond Street Hospital for Children, London, UK, and Honorary Senior Lecturer at the Institute of Child Health, University College London. She is also Lead Clinical Psychologist for the Department of Child and Adolescent Mental Health at Great Ormond Street, managing and supervising a team of psychologists working across a range of highly specialist children's mental health services.

Dr Bryant-Waugh obtained a first degree in Human Sciences from Sussex University, UK, an MSc in CLinical Psychology from the University of East London and a DPhil in Developmental Psychology from Sussex University. Dr Bryant-Waugh has worked for over 20 years in the field of childhood onset eating disorders with related interests in feeding disorders in infants and younger children and in mothers with eating disorders. Rachel won the May Davidson award from the British Psychological Society (a national award recognising an outstanding significant contribution to the field of clinical psychology) for her work on eating disorders. She was a member of the UK NICE Guideline Development Group for Eating Disorders. She continues to contribute to the field of feeding and eating disorders through regular publications and teaching events, as well as through her research efforts and direct clinical work.

The table below represents the reported disclosures of significant interests and affiliations for the past full calendar year and the current year to date for Rachel Bryant-Waugh.

Dr. Rachel Bryant-Waugh has agreed that, from the time of approval through the publication of DSM-V, projected in 2012, (his/her) aggregate annual income derived from industry sources (excluding unrestricted research grants) will not exceed \$10,000 in any calendar year.
