Task Force on DSM-V

### Biographical Sketch

Biographical Sketch:  
Member, DSM-V Task Force  
Instructor in Psychiatry, Department of Psychiatry, Washington University in St. Louis  
St. Louis, MO

Dr. Mamah is Assistant Professor of Psychiatry, at Washington University in St. Louis, Missouri, and a former National Institute of Mental Health postdoctoral fellow in psychiatric epidemiology and biostatistics.

Dr. Mamah's current research is focused on structural neuroimaging at Washington University's Conte Center for the Neuroscience of Mental Disorders. Imaging techniques used include semi-automated and automated mapping methods to evaluate volume and shape of various neuroanatomical structures, in individuals with schizophrenia spectrum disorders and their healthy relatives, as well as those with bipolar disorders. He also studies the clinical and cognitive relationships of various neuroanatomical variables.

Dr. Mamah also conducts epidemiological research investigating psychosis-risk in various populations in the United States and Kenya.

Dr. Mamah received his medical degree from the Semmelweis University of Medicine in Budapest, Hungary after graduating from the Federal Government College in Port Harcourt, Nigeria. Following medical school, he spent two years conducting laboratory research at Northwestern University and the Psychiatric Institute of the University of Illinois at Chicago. Dr. Mamah completed his psychiatry residency at Washington University in St. Louis, where he also received a master of psychiatric epidemiology (M.P.E.) degree.
