Name : Daniel S Pine M.D.

Job Title :

Address : 15K N Drive Msc 2670
Bethesda MD 20892-0001

Role : **Member**

Date : **5/2/2011**

Task Force:

Task Force on DSM-V

Biographical Sketch

Biographical Sketch:

Dr. Daniel Pine is currently Chief, with Tenure, Section on Development and Affective Neuroscience, Chief, Emotion and Development Branch, and Chief of Child and Adolescent Research in the Mood and Anxiety Disorders Program of the National Institute of Mental Health Intramural Research Program. Dr. Pine moved to this position in the fall of 2000, after 10 years of training, teaching, and research at the Department of Child and Adolescent Psychiatry in the New York State Psychiatric Institute and the College of Physicians and Surgeons of Columbia University. Since graduating from medical school at the University of Chicago, Dr. Pine has been engaged continuously in research focusing on the epidemiology, biology and treatment of psychiatric disorders in children and adolescents. His areas of expertise include biological and pharmacological aspects of mood, anxiety, and behavioral disorders in children, as well as classification of psychopathology across the lifespan. This expertise is reflected in a series of more than 190 peer-reviewed papers on these topics. Dr. Pine also possesses expertise in the biological commonalities and differences among psychiatric disorders of children, adolescents, and adults as well as on interfaces between psychiatric and medical disorders. Currently, his group at the NIMH is examining the degree to which mood and anxiety disorders in children and adolescents are associated with underlying abnormalities in the amygdala, prefrontal cortex, and other brain regions that modulate activity in these structures. Dr. Pine also serves as the Chair of the Psychopharmacologic Drug Advisory Committee for the Food and Drug Administration and the Chair of the Developmental Working Group for the DSM-V Task Force. Dr. Pine has received a number of awards, including Career Development and R01 extramural grant support from the NIMH, a NARSAD Independent Investigator Award, as well as the Blanche Ittelson Award from the American Psychiatric Association for outstanding research contributions to the field of child psychiatry.
